Introduction

Some shipping method doesn't ship to PO Box. With this extension you can easily remove those shipping method from checkout if shipping address has PO Box address or Private Message Box (PMB) address in it.
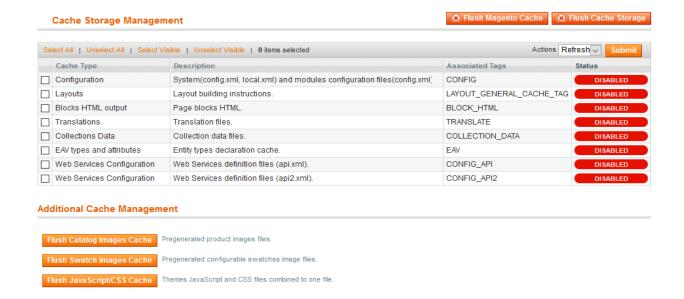

Compatible with Magento: **1.9.x**

Installation

Never do anything directly on a live store. First setup and test on a development domain (i.e."dev.url.com").

Temporarily disable Magento cache

To avoid any possible issues with the installation we recommend disabling Magento cache before proceeding with the installation and re-enabling it once the install is complete.

1. Log in to your Magento admin
2. Access System > Cache Management
3. Click on "Select All" and in the "Actions" drop down select "Disable"
4. Click on "Submit" and once the page reloads **log out of the admin**
5. If you have the Magento compilation enabled, remember to disable it before proceeding.

Cache Storage Management

⊗ Flush Magento Cache ⊗ Flush Cache Storage

Select All | Unselect All | Select Visible | Unselect Visible | **0 items selected**

Actions Refresh ⌄ **Submit**

	Cache Type	Description	Associated Tags	Status
